

C5 YOUTH FOUNDATION OF TEXAS

C5's COMPREHENSIVE YEAR-ROUND CURRICULUM

focuses on

- Leadership Development
- College Readiness
- Career Guidance
- Arts & Culture
- Community Service
- Emotional Support

MISSION

C5 Youth Foundation of Texas **changes the odds** for **high-potential youth** from risk-filled environments, **inspiring** them to pursue personal success and **preparing** them for leadership roles in college, work and their communities.

THE SOLUTION

C5 Texas exists because at-risk students can and should graduate from high school and attend and succeed in college, but statistics say they will not without significant intervention. To combat that trend, C5 makes a five-year commitment to successfully guide each of our students through the complicated process of graduating from high school, and preparing for and succeeding in college. Our solution

includes character and leadership development, mentoring, academic and educational opportunities, community service, assistance in pursuing higher education that give our at-risk youth the chance for a brighter future.

“C5 Texas helped me develop the leadership skills, self-reflection, and concern for community that have not only been instrumental to my success, but inform the work I want to do going forward. In my research and clinical work, I am interested in violent injury prevention in teens, prevention of gun violence, and interventions that promote health equity both locally and globally. My hope is that my work helps promote justice in and through healthcare.”
